January 19, 2011

Dear Golf Enthusiast,

This January, L'Arche Halifax celebrated the first anniversary of the opening of their new home on Sullivan St. It was a time of great joy as core members, assistants, family and friends reflected back over the last year. The goal of building the first L'Arche home in Halifax began in 2002 and was finally realized in 2010 after years of hard work by many interested parties. Like other L'Arche homes in our province and indeed around the world, this home serves as a model for human relationships and helps to make Halifax a better place to live for all of us.

As with every home and especially for L'Arche there are costs associated with providing the best life possible for the core members and assistants. Vacations, retreats, and community celebrations are but a few of the areas that require additional funding. Over the past two years we have undertaken to raise those extra funds by holding an annual golf tournament. Richard Homburg has graciously donated his golf club for this purpose. This year our tournament will be held on Thursday September 8, 2011 at Sherwood Golf & Country Club outside of Chester.

I hope you will consider entering a team or sponsoring a hole. I look forward to seeing you on the course in September.

Sincerely,

A handwritten signature in black ink that reads "Sean O'Regan".

Sean O'Regan
Honourary Chair
